Hand stitched Crewelwork Cushions from Welland & Wye

Beautifully hand-stitched in the Kashmiri countryside in a collaboration going back two generations, the Welland & Wye selection of crewelwork cushions are beautiful works of art in their own right. Depicting abstract versions of Kashmiri flora and fauna and reflecting pigments naturally found there, but equally at home in the UK, each cushion is made up of a series of intricate stitches. Finished in a variety of trimmings to complement each design, each cushion can be matched with Welland & Wye fabrics, ready to be made into curtains, blinds or soft furnishings.

Based in Northamptonshire, Welland & Wye work closely with their makers in India to develop designs which work for a UK audience. Looking particularly at home in old properties, crewelwork offers both a traditional feel and a touch of texture and artisan craft to the home.

Six cushions are available in a variety of sizes and finishes and bespoke cushions are also available on request in any of Welland & Wye's 16 fabrics in stock.
